ORANGUTAN

Orangutans are large, long-haired, orangish-colored primates, found only in Borneo and Sumatra. These apes are highly intelligent and are close relatives of humans. Mothers and their young share a strong bond. Infants will stay with their mothers for some six or seven years and may develop the skills to survive on their own.

The firefighters who found him were so moved by his bravery, they named the tiny cub, Smokey. News about this black bear spread across the nation, and he was given a new home at the

and her sweet friends

Donutella comes from a planet where sugar is used as energy. One day while out scouting the milky way for a new fuel source in her donut U.F.O., Donutella discovered planet Earth. On Earth, Donutella was excited to find a lot of sweets and treats to fuel herself and her people. Almost instantly Donutella realized that it would be much better to start a sweet colony here and invite all of her friends than to go back home.

Mozzarella leads the Moofia. The Moofia was assembled to extort milk from the lunchboxes of schoolyard bullies. Mozzarella is loving and kind to good kids but ruthless and feared by those who harass the innocent. By taking the milk from the bad and giving it to the good, the Moofia know the good will grow up strong and healthy to protect themselves. Milk is power. Milk is protection.
